

The Heart Association of Palm Beach County today announced chairmen who will head up the 1963 Heart Fund Campaign in the Glades Area. Shown are co-chairmen for Belle Glade, Mr. Arthur J. Levy and Mrs. James A. Gray with Hector Ouellette, Glades Advisory Chairman.

The Heart Association also announces in addition to chairmen in the above picture that as follows:

Mrs. Billy Rogers, Business drive in South Bay; Mrs. Nathan Bolton, Heart Sunday, Lake Harbor; Mrs. Hugh Branch, Heart Sunday Chairman in Pahokee; Mr. Rupert Mook, Business Chairman, Pahokee; Mr. Jerry V. Gummere, Chairman of Bowling Tournament; Mrs. John Grady, Charles E. Waldner, and J. Allen Baker donate their services as well as Phyllis Wooten and George Powner.

Local Heart Fund Drive will make possible the support of cardiovascular research in Florida and in clinics and laboratories throughout the nation.

"Research is the heart of the Heart Association's Program," Hector Ouellette explained. "More than 65 million heart fund dollars have been invested in the fight against heart disease since 1948 and have been responsible for great progress in saving hearts through new methods of diagnosis, treatment and prevention."

Locally we have a Glades Heart Fund drive in the 100 welfare heart patients at the Belle Glade Memorial Hospital; Mrs. Roy Brown, Mrs. John Grady, Charles E. Waldner, and J. Allen Baker donate their services as well as Phyllis Wooten and George Powner.

Those attending were: 7th Grade - Wayne Preville, Barbara Dexter, Maria Iglesias, Margaret Thompson, Carol Williams, Winifred Williams, Alfred Meeks, Gene Ayres, Margaret Cross. 8th Grade - Jerilyn Johns, Ronnie Gerry. 11th Grade - Sharon Motes. 12th Grade - Sally Boland, Anna Maria LaChance.

## U. Of Fla. Alumni Meet Thursday At Stouffer's

University of Florida alumni in Palm Beach County will hold their annual business meeting Thursday, 1 at a noon luncheon meeting in Stouffer's Restaurant. Club officers and a new district vice president will be elected during the meeting.

Bill Fleming, executive secretary of the Alumni Association, will discuss the Association's activities and show the 1962 Gator Football Highlights film. Guest speaker will be Dr. Ernest Cox, assistant dean of the University College. He will talk about the undergraduate program at the University of Florida.

## Production Credit—Tops Record In Lending To Farmers—\$13,184,174 To 232 Operators In 1962

The Farmers Production Credit Association reached an all-time high in credit service to agriculture by extending \$13,184,174 in short and intermediate-term credit to 232 farmers and ranchers in the association's territory during the calendar year 1962. Mr. George H. Wedgworth, director of the Association reported this week.

The association is a farmer-rancher owned and operated credit cooperative serving farmers, ranches and citrus growers of Dade, Broward, Palm Beach, Martin, St. Lucie, Indian River, Collier and Okeechobee counties, with the principal office located at Miami, Florida, and field offices located at Belle Glade, Florida and Vero Beach, Florida.

The association's all-time high loan volume for the year 1962 was \$2,215,367.00 more than in 1961 and included service to 18 new members, according to Mr. Wedgworth.

"In keeping with the cooperative principles of the association, \$24,762.04 in dividends were paid to members during 1962 thus reducing the actual cost of the credit service."

Mr. Wedgworth said Farmers PCA has extended \$88,202,514 in credit since its organization and now has \$1,321,175.00 in member owned capital and \$625,217.99 in accumulated earnings. Farmers PCA is one of the few associations in the United States charging the low rate of five and one-half interest, he added.

Officers and directors of the association include Mr. G. E. Butler, Jr., of Deerfield Beach, President; Mr. George H. Wedgworth, of Belle Glade, Vice-President; Mr. Harry B. Matthews of Kendall, director; Mr. Walter Peterson of Goulds, director; Mr. C. R. Sexton of Vero Beach, director; and Mr. Chas. B. Long, Jr., Secretary-Treasurer and General Manager.

## Glades Magistrate Demonstrates Serv. Necessary In Area

The records in the office of Magistrate J. L. Tyson at the Glades Courthouse for the calendar year just ended show that he handled 3,377 cases during '62, and that during January 1963 cases came before him.

When it is considered that no case in which the prescribed penalty is more than \$200, or 90 days fine, may be tried in his court, the case load is significant.

Some cases where a preliminary hearing to determine whether or not the defendant should be bound over to a higher court, are heard by the judge. The efforts of "egg-heads" in the Glades are hereby proven of the "Harvardists" variety, so overwhelming in our national government.

## Barbara Stone Vies For Title Of Fla's Junior Miss Of '63

Belle Glade's Junior Miss, sponsored by the Belle Glade Junior Chamber of Commerce, Miss Barbara Lynne Stone, leaves West Palm Beach, Fla. today for the state finals of the Florida Junior Miss Pageant at the title of Florida's Junior Miss of 1963, to be held Thursday through Saturday.

The lovely and attractive senior at Belle Glade High School is a talented musician, was first runner-up in the 1962 and was the Belle Glade Jaycee Harvest Queen in 1961. She is a dancer, has been chosen from all the 17 girls entered will compete for scholarship and other prizes and awards. On Feb. 7, the contestants will be judged at an informal luncheon, personal interviews on WEAR T. V. Gulf Coast Channel, Mayor's reception in the evening at Beach Club; Feb. 8 there will be rehearsal and pageant, and Pageant begins in evening; Saturday, Feb. 9, a luncheon, parade or tour of Pensacola, Fla. and the winner will be crowned.

George Riddle, Belle Glade Jaycee principal Mr. Pellon Morris outlined the several new programs of study in the high school. He pointed out the objective of the new programs in math, science, foreign language, English and social studies are directed toward teaching the student to think and discover rather than mere mechanical memorization.

Mr. W. R. Groomer, discussing physics and chemistry courses, pointed out that the body of known facts has tripled in the last 25 years and that man's mind can not possibly remember or grasp it all. He stated that the student, therefore, must learn fundamentals and learn how to think and to know where to go for needed facts.

## Jr.-Sr. PTA To Hear Discussion On American vs. Communism Course

The new Americanism vs. Communism course to be taught in the high school this semester will be discussed by Messrs. J. V. Kela, Therrell Luke, and Joseph Hayes at the regular February meeting of the Jr.-Sr. High School P. T. A. All parents, students and interested persons are urged to attend. Important items of business vital to the future of the organization are to be discussed, including distribution of Halloween Carnival profits.

At the January meeting, high school principal Mr. Pellon Morris outlined the several new programs of study in the high school. He pointed out the objective of the new programs in math, science, foreign language, English and social studies are directed toward teaching the student to think and discover rather than mere mechanical memorization.

Mr. W. R. Groomer, discussing physics and chemistry courses, pointed out that the body of known facts has tripled in the last 25 years and that man's mind can not possibly remember or grasp it all. He stated that the student, therefore, must learn fundamentals and learn how to think and to know where to go for needed facts.

Mr. Carl Hill presented a very interesting discussion on the new biology course pointing out that the new program stresses reasoning and thinking.

## Sweet Corn Adv. Nominations Today At Pahokee Elks!

Commissioner of Agriculture Doyle Conner, head of the Sweet Corn Advisory Committee for the South Florida and Everglades Districts will be selected at a meeting in Pahokee on Thursday, February 7.

Nominations for membership on the committee are to be made at 2 p. m. in the Pahokee Elks Club, he said.

Conner urged all sweet corn producers and first handlers, who have operated in the South Florida and Everglades marketing area from 1958 through 1962 to participate in the meeting.

Fifteen sweet corn-producing counties are included in the two districts. They are Dade, Broward, Collier, Monroe, Lee, Charlotte, St. Lucie, Okeechobee, Highlands, Hendry, Martin, DeSoto, Sarasota and Palm Beach.

## Man Shoots Woman In Head & Heart Reported Recovering

Inez Peterson, was shot by her erstwhile husband Farris Biggers on the streets of Belle Glade Saturday around 11:40 a. m. because "she would not stay home with the children," according to his testimony before Judge Tyson, in a committing hearing.

Biggers was bound over to higher court on a charge of "at least murder."

Information from officers indicate that "the children" were two: one hien and henn, and one henn by previous marital affiliations. It also appears that Farris had been "invited out of the common household for reasons best known to her."

Testimony is that Farris went looking for Inez, and when he found her left his calling card in the shape of two bullets—one in the head and one in near the heart.

Inez is reported to be getting along "as well as could be expected with the discomfort of the two 'missiles of love,' at the local hospital.

## Official Sanction Given For State Bank Here

The Bank of Belle Glade, to be chartered by the State of Florida, has the official "go ahead" to a group of local farmers, business men and merchants to organize an announcement by the organizers.

Some 52 subscribers, with a majority in number and in total subscriptions by Glades citizens scattered from Indian-town to Clewiston, forwarded to Tallahassee their petition for a charter. A survey was made and a report laid in the lap of Controller Green with the favorable action indicated during the past few weeks.

Half a million dollars have been subscribed as the indicated capital of the bank.

John Henry Logan, Agricultural Consultant to the Exchange National Bank of Tampa and William A. Welch, Executive Vice President of the Citizens State Bank of Marianna, Fla. are among the listed Board members. Mr. Welch indicated as Executive Vice President of the

## New Hospital Plans Patient Convenience and Medical Efficiency Include Bedside Oxygen, Intercom, Television

Members of the Board of the new hospital have visited a dozen or more of the newest hospitals, and will visit more, in search of modernization and automation of service adaptable to the size and pocketbook of the planned hospital here.

One room unit, a console, panelled in the wall, includes piped oxygen, reading and examination lights, intercom, telephone and television connections.

## Glades' Largest Subdrainage District Does "Pay-As-You-Go" Rehabilitation

The South Florida Conservancy District, the 30,000-acre subdrainage district, which covers an area from Cardwell on the north around the south end of the Lake to the Hendry County line, and includes the City of Belle Glade, has replaced five subdrainage districts, each of it's 180 p. p. Fairbanks Morse power units with Caterpillars, at a cost of \$12,000 each.

Twelve of the 54-inch discharge and suction tubes which have worn and rusted out in their more-than-30 years of life at a cost of \$1,000 each. There are ten tubes left to be replaced.

## Funeral Services Held In Georgia For Mrs. Rushing

Funeral services were held for Mrs. Lilla A. Rushing, age 72, widow of the late Theodosius Remer Rushing, Wednesday, January 30th, in Statesboro, Ga. Mrs. Rushing had resided in Belle Glade with her daughters, Mrs. W. C. Bamford and Mrs. F. W. Cross, Jr., intermittently for the past fourteen years. She was born in Bulloch County, Georgia and contributed to the church and school life there for seventy years. Her parents were pioneer citizens of that county and were active builders in the community in which they lived.

Mrs. Rushing passed away January 27th at Clermont, Florida, at Lake Highlands Hotel and Nursing Home following a short period of illness. She had been a resident of that hotel for three weeks.

Smith-Tillman Mortuary of Statesboro, Ga., handled arrangements. She was buried in the family plot at Middleground Church of which her father was one of the founders.

Other survivors include: Mrs. R. B. Carpenter of West Palm Beach, Mrs. A. B. Blocker of Clearwater, and Mrs. J. H. Lockhart of Ocala, all daughters of the deceased. In addition, she had five granddaughters and two granddaughters, four great grandchildren. Her surviving brothers are: W. H. Akins, E. Yarnish, G. J. Jewell, Elkins, Lutz, Fla. and E. A. Akins of West Palm Beach, Fla.

## The Ditch Gets "Hit" By Cooperating Cops

Agents of the State Beverage Control Board, cooperating with the Glades office of the Sheriff, simultaneously nabbed three places of business and ended up with three persons charged with violating the state liquor laws by possessing and/or selling beer and under-bonds totalling \$2,250.

The three are Cecelia Tillman, Emma Lou Hall and Mary Jane Risler.

## Glades Market Sales Lower

A total of 222 head of cattle sold for \$26,288.00 at Monday's Livestock Market. 40 percent to stocker, 40 percent to slaughter and 20 percent to cull; with 80 percent of the cows going to slaughter. Cattle of all kinds are needed. Stocker type is in great demand. All pastures in the Glades are understocked because of the fine pasture conditions.

## Poor Aaron—He's Got Troubles

Aaron Pullman apparently hit a parked car and didn't stop to do any investigating. Aaron "sold out," with disastrous results.

The police have Aaron, with total bond set at \$325.

He's charged with "causing an accident," leaving the scene of an accident, "and run," "driving on the wrong side of the street," "driving while intoxicated" and "no drivers license."

Poor Aaron - He surely has troubles!

## Charles Seale Died Tuesday Evening

## Glades Revival Ends Sunday

The greatest revival crusade ever undertaken in this area is slated to close Sunday night. Being sponsored by most of the churches of the Glades area, the revival is attracting large crowds nightly to the gigantic Canvas Cathedral, located near the high school in Belle Glade.

Several hundred decisions have already been made, according to Rev. W. R. Boland, pastor of the Community Methodist Church, and Vice-Chairman of Personal Work. These decisions include "those who have come to be saved, to dedicate their lives, to pledge to have

## What . . . Are You Reading?

The type of literature we read is important. Why? Because reading affects thinking and thinking determines conduct, character and destiny. "For as he thinketh in his heart, so is he." (Proverbs 23:7) "Keep thy heart with all diligence: for out of it are the issues of life." (Proverbs 4:23)

To improve the conduct of people, we must improve their thinking. To do this "the right kind of literature is necessary. If they read right. They will think right; and if they think right. They will live right. The Bible's Glades Church of Christ, 125 N. W. Avenue D, is concerned about what you read. Why? Not cultivate the practice of reading the Bible and wholesome literature?

AREA'S  
GREATEST

Only four more services remain in the greatest united revival crusade undertaken in Glades Area. The sole purpose of this crusade is to magnify Christ, and to bless the lives of all of the people of this area regardless of church affiliation. In this dark hour of the world's history all Christians need to work together, against the common enemy. Surely all can cooperate in an effort to win souls and to call people of all faiths to a closer walk with God. God may not give us another such chance to work together. LET'S PRAY TOGETHER. PULL TOGETHER. WORSHIP TOGETHER in making the final four nights A MIGHTY VIC-TORY FOR GOD.

DR. H. H. MURPHY, RETIRED PHYSICIAN, is assisting in conducting the Glades Area-Wide Revival. Each night at 7:15 he holds forth with gospel magic and two gospel dummies, through whom he gives Bible stories. Dr. Murphy retired because of his health. After "being saved he decided to use his hobbies of magic and ventriloquism to teach Bible truths to youngsters," he says. He donates his time and pays his expenses to assist in the revivals conducted by Dr. E. J. Daniels. Not only are boys and girls held spellbound by Dr. Murphy, the adults also come early to see and hear his masterful performances. Despite tremendous losses during the recent freeze to his 100 acres of citrus, Dr. Murphy says he intends to continue to give his time to "helping to bring revival and save souls," which he considers "the greatest work on earth."

## Tony Fontaine At Bibletown Auditorium

It is rare to witness a moving picture audience applaud a movie presentation, but entirely new in the annals of movie-doms, to have an audience so thrilled that they not only invite the star to appear in person at a later date, but pay his fare from Hollywood!

Tony Fontaine has one of the most beautiful natural voices of this generation. But that alone did not move his audience. Mr. Fontaine's story is one that tugs at the heartstrings; but more than that it teaches the true meaning of humility. Tony's story parallels many which emanate from the nation's Movie Capital. As a very young man his golden voice brought fame and fortune. Sales of records such as his "Cold, Cold Heart" reached astronomical figures. Then calamity struck! In a matter of moments an awesome motor accident destroyed Tony's voice, his eye sight — his will to live.

It was then that Mr. Fontaine, from a fine home of God-fearing parents, rediscovered the Lord! Tony Fontaine's eyesight was restored! His wonderful voice was given back to him — but this time with Tony's covenant that he will pay, for as long as he shall live.

A Gold Coast audience which thrilled to "The Tony Fontaine Story" at Boca Raton's Bible-town Auditorium was captivated by this Television, Radio and Stage Star who did not return to "Show Business" — instead, dedicated his life and talents to full time Christian service. They asked — "Why can't we get that young man, with his marvelous story of devotion, to come to the Gold Coast to personally present his testimony?" It was necessary to announce "No funds for the plane fare." Bible-town, a non-profit religious institution is challenged day after day, in finding funds with which to carry on the Lord's work and bring the message to the multitudes. Public-spirited citizens volunteered then and there to provide funds!

Mr. Fontaine will appear in person at the new 2,500 seat Bibletown Auditorium on Saturday evening, February 9th, at 7:30 p. m.

Mr. Ira Lee Eshleman, President and Founder of Bibletown, Churches of Christ Scientist

The importance of understanding God as infinite Spirit will be emphasized at Christian Science church services this Sunday.

"Now the Lord is that Spirit: and where the Spirit of the Lord is, there is liberty" (II Cor. 3:17) is a Scriptural passage from the Lesson-Sermon entitled "Spirit."

From "Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will also be read: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness finding all in God, good, and reading no other consciousness" (p. 264).

Boy Scout Week Feb. 7 thru 13 To celebrate Boy Scout Week Feb. 7 through 13, the boys of Troop 621, sponsored by the South Bay Presbyterian Church will set up a Scouting display in the window of Seminole Supply Co.

This display will be set up on Thursday afternoon Feb. 7. Everyone is invited to stop by and window and view the display. Feb. 8 marks the 53rd year of the Birthday of Boy Scouting.

Club Scout Pack 622 will attend their own church in uniform on Sunday in celebration.

The Sunshine State is the largest producer of honey in the Southeast.

## H. D. Exhibits Wins Awards At Fair

The County Home Demonstration educational exhibit at the South Florida Fair and Exhibition received a purple rosette for one of the most outstanding displays. Mrs. Joseph Kincl, as President of the H. D. Council, set up the center of this display consisting of a home, a lamp of knowledge and a world that turned, with a poster stressing the fact that together the home and home economics education can build a better world. In scoring this display Mrs. Birger Peterson, one of our judges, said, "... dynamic, emotional impact to viewers."

Belle Glade Home Demonstration Club was among the 10 clubs in the county receiving a blue ribbon and cash award of \$50 in their exhibit set up by Mrs. F. C. Pesenden. It included a home made chair, table lampshade and picture.

Mrs. Peterson commented on the county wide individual displays receiving blue ribbons stated "Good workmanship and outstanding subject for the Belle Glade display on home improvements you can make."

## Nine Couples Enjoy Sorority Chapter Progressive Dinner

The Xi Beta Gamma Chapter of Beta Sigma Phi entertained their husbands at a progressive dinner Saturday night Feb. 2. The gaiety of the evening was begun at the lovely home of the William Graders where a minted fruited appetizer was most graciously served by Mrs. Richard Sands.

The group then progressed to the hospitable O. G. McWhorter's where true elegance in table lighting was highlighted by fresh flowers from the garden. The main course was lingered over and conversation was stimulating.

The next stop was at the H. A. Ouellette's in South Bay. The dessert and coffee provided the perfect ending of an inspired dinner menu. This climaxed an evening of happiness and well being of friends whose varied interests provided conversational fare. Nine couples were present.

**Glades Revival**  
(Continued From Page 2)  
The greatest revival crusade ever undertaken by the churches of the Glades area. It may be 25 years before another such revival opportunity comes our way. Perhaps not within the life-time of many of the people of this area will they have another such spiritual opportunity. Let us all do our best to get every possible person to attend all of the remaining services.

**Special Services Announced**  
Dr. E. J. Daniels, the evangelist, has announced that "the best in movies, music, and messages will be presented on the final nights of the revival."  
The evangelist also announced the showing of the following movies: Thursday night, will feature "Christ on Trial Before Pilate," one of the most dramatic court scenes ever filmed. Beginning at 7:15 p. m. Friday night, a 30 minute movie showing the outcome of a young couple who decide to elope from high school and get married, will be shown. "The Crucifixion"

Classes Begin Wednesday  
FEBRUARY 13TH

**PAHOKEE LIONS CLUB**  
East Main St., Pahokee

The final service will be held Sunday night, and will feature what has come to be known as Dr. Daniels' "price-winning sermon." Some years ago, 247 ministers from 11 nations of the world submitted sermons in a world-wide sermon contest. Dr. Daniels' sermon on "Gambling with Destiny" won the first prize. During the sermon he deals with Satan's loaded dice, and shows how men gamble with Satan's dice, when their destinies are at stake.

The evangelist has promised to name the biggest gambler in the Glades area. "He will be in the tent Sunday night," he said.

**Proclamation**  
**CLERGY WEEK**  
WHEREAS, the clergy of our nation have meant so much to our religious and our way of life, and  
WHEREAS, the Clergy of our respective faiths have made such sacrifices in serving both God and Country, in war and peace, and  
WHEREAS, basically, we are religious people, and  
WHEREAS, there presently is no specific recognition of the clergy as such in honor of the people who have dedicated their lives to the Ministering of His Word to the people.

RESOLVED, I, F. C. Markham, Mayor of the City of Belle Glade, Florida, do hereby proclaim the week of February 9-1963, as CLERGY WEEK and urge all citizens of our community to give full consideration and recognition to the Clergy.

This 30th day of January, 1963.  
F. C. Markham  
Mayor of the City of Belle Glade, Florida

**10 M. D. Scholarships For Pre-Med Students**  
Thru Fla. Health Board  
Application for scholarships for the study of medicine are being received two months earlier this year than usual by the State Board of Health.

Dr. Wilson T. Sowder, state health officer, said that under the new trimester system inaugurated this year by state universities, the first trimester was completed before Christmas and applications thus were necessary much earlier than in previous years. April 10 is the deadline.

The scholarships are for \$1,000 a year for four years. Students who receive them must agree that upon graduation they will practice for five years in a Florida community needing a doctor.

Ten scholarships are awarded each year. To be eligible, a student must have completed his premedical studies in an approved college or university and have been accepted for admission to an accredited school of medicine. Thus, high school graduates are not eligible.

The applicant must have been a citizen and resident of Florida for at least five years prior to submission of his application, must be of good character and in genuine need of financial assistance for the study of medicine. The scholarships were set up by the Legislature in 1955.

**Physical Fitness**

The public is invited to attend the Physical Fitness and Weight Control Class at the Mounts Building, 531 North Military Trail, this Friday, Mrs. Susan Camp, State Nutrition Specialist of Tallahassee, will give a demonstration on the scientific facts concerning cholesterol, saturated and unsaturated fats in the diet.

# Saier Top Scorer Close Stays Second In Suncoast Loop

The Suncoast cage race may not yet be over, but undefeated Forest Hill's two-gamers edge in the loss column of the standings looms mighty big as the teams head into the regular season's final three weeks.

The Falcons should breeze through their next four foes. But three of the league's best will get in their way as the leaders for their final three games, so mathematically at least the race continues quite undecided.

Riviera stands second 1 and one-half games back of the top and Palm Beach, now on a 10-game winning streak, is in third 2 games back.

Six games are slated Tuesday night. Seacrest, Ft. Pierce, winless Clewiston is at Riviera. Lake Worth invades Vero. Pahokee is guest of Forest Hill and Palm Beach goes to Stuart. In addition, non-league Moore Haven visits Belle Glade.

Another half dozen Friday include a key Lake Worth visit to Riviera. Although out of the pennant picture, the guest Trojans have won 21 of their last seven to constitute a real threat to Riviera's flickering title hope. Others Friday include Pahokee at Seacrest, Forest Hill at Stuart, Ft. Pierce at Vero and Belle Glade at Palm Beach while Clewiston calls on non-league Okeechobee.

Ft. Pierce visits Forest Hill for a Saturday engagement. The Falcons experienced little difficulty on two trips this past week to make it 13 straight in conference play. Tuesday they whipped Vero 69-46 and Thursday they squashed Belle Glade 88-42 with reserve scoring most of the action. After Riviera and Palm Beach each won handily on trip Tuesday, they collared Friday with Palm Beach averaging a previous loss by a 50-40 count at Riviera Beach. Lake Worth tied Seacrest for second place with triumphs over the Hawks and Pahokee.

Forest Hill, the loop's best scorers saw their averages trimmed a bit during the week. But Forest Hill's Frank Slat retained his top spot with a 21.68 average. Belle Glade's Tom Closs played second with an even 20, and Saier's teaming Harry Winkler kept third with a 17.67 mark.

# Kahn's Upset By Nolen 83-74

Nolen Extremistors won their first league game in the Men's Recreational Basketball League in West Palm Beach with a 83-74 upset win from Kahn's Department Store. Kahn's loss is the only win for Nolen in nine starts, and gives Kahn's a 3-4 league record.

Nolen took a 14 first quarter lead, increased it to 36-33 by halftime, and went as far out from as 13 points before Kahn rallied to tie the score at 60-60. But the absence of 6' 5" forward, Paul Evans hurt the Kahn's quietly on the boards and the rally fell short as Nolen battled Kahn's even 23-23 in the final quarter.

Alvy Early led the scoring for Kahn's as he hit for 23 points, eleven field goals and one free throw. Therrill Lake added 19 points to the total but Nolen's Bill Link took game honors with 32 points.

# Sweet Sixteen Party Fetes Sharon Amedee

Mr. and Mrs. Ernest Amedee honored their daughter, Sharon with a "Sweet-Sixteen" party held at the Community Center Saturday, Feb. 2. They were assisted by their daughters, Jackie and Judy.

The room was decorated in red and white with a Valentine theme of hearts and cupid and balloons hanging from the ceiling. Three large cards graced the table with the center one inscribed "Happy Sweet Sixteen Sharon." A floral arrangement of red carnations centered the table and open face sandwiches, nuts, mints, cake and punch were served to the guests.

The honoree wore a red chiffon dress with matching satin heels and a white carnation corsage given to her by her father.

Dancing was the entertainment of the evening and Sharon and her father danced the "Sweet Sixteen dance" to "16 Candles." One hundred guests enjoyed the party and Sharon received many lovely gifts.

Mr. and Mrs. Bert Ward were the chaperones.

# Robert Tyler, Two Celebrates Birthday

There were a total of 179 girls in the Dress Revue and 122 demonstrations were given. These 4-H activities are important in the development of young people. In giving a 4-H demonstration, the 4-Hers learn to present information clearly and concisely. She first learns how, then shows and tells how and why. The Dress Revue activity gives girls an opportunity to work together, share responsibility, acquire poise, and grace, and develop creative talents. All of these further the aim of 4-H Club work, which is leadership, citizenship, and personal development.

When you give us help

Mr. and Mrs. Gwin Bebout of RFD No. 6 Muncie, Indiana are enjoying the fishing on Lake Okeechobee and living in the house on wheels.

Sitting on a Chevy pickup, the living quarters "offer all modern conveniences and makes traveling pleasant and economical," the Bebouts say.

The Bebouts are farmers and are enjoying the absence of the freezing weather back home.

# Round Robin Tourney Won By Kat Weeks

Mrs. Kathryn Weeks won the Round Robin Golf Tournament held by Belle Glade Women's Golf Association for three weeks with 22 and one-half points. Zelma Betzner was second with 21 points and Lillian Beverly placed third with 19 points.

Prizes were a golf retriever for first place, a Wilson weather jacket for second and golf balls for third.

The Tournament chairman announced a ringer Tournament starting February 5 and lasting two months. Ringer scores must be made and posted on Ladies Day to count. Plans are also underway for a Club Championship to be held in March.

Mrs. Weeks also won low net and low putts for Tuesday's play.

It was announced the Clewiston Ladies Golf Association has invited the local "Golfers" for golf and lunch on February 22. Registration fees and handicaps must be turned in to Mrs. Amy Whidden by Feb. 14.

Awards will also be presented to the winners of the State Poultry and Egg Judging Contest.

## Canal Point Boy Among Selections For USAF Academy

John Welch Cook, son of Mr. and Mrs. Roy Vandagriff, Jr., Canal Point, is one of the 12 boys selected to compete for the two vacancies to the United States Air Force Academy, Colorado Springs. Congressman Paul Rogers made the announcement this week.

The young men named by Rogers are taking tests administered by the Air Force, which will determine the two nominees.

Beef Cattle, to be judged at 9:00 a. m. Monday, February 11. A big increase is indicated in the Beef Cattle, Poultry and Rabbit entries by Future Farmers. N. Future Farmers Beef and Dairy animals winning blue ribbons will have the opportunity to show them in the open show against adults.

## The Use And Misuse Of Pesticides

Dr. Townsend — is a practicing scientist in the field of Agricultural Research, particularly with seeds, plants, disease control, fertilizer, cultivation practices and breeding that have a major affinity to the Glades.

His years of association with the Everglades Experiment Station following his professional education, led him into private practice in his own field and laboratory.

This talk was delivered to Belle Glade Rotary Friday, January 11th and is of such immediate and important interest, we asked permission to offer it to our readers.

This is the last installment. The Food and Drug Administration publishes a list of official tolerances for all pesticides registered with the Dept. of Agriculture and both the Dept. of Agr. and the state experiment stations publish bulletins directing growers how the pesticides may be used within the limits of the law. These tolerances are specific for each pesticide, and for the crops on which they may be used. The state bulletins also advise the grower of the minimum number of days that must pass before a crop may be marketed after treatment with each approved pesticide. For example the official tolerance for parathion on beans is 1 ppm. The Florida bulletin states that 3 days must elapse between treatment and harvesting. The official tolerance for DDT on celery is 1 ppm, and the minimum elapsed time requirement is 14 days.

Recommendations as to the application of pesticides are also given. In general, the organic phosphates, such as parathion, decompose much more rapidly than the chlorinated hydrocarbons such as DDT. As an example of the safety precautions built into the tolerances we might take the case of DDT on celery. The LD 50 value for DDT is 110 mg/kg of body weight. In terms of a 200 lb. man this is amount one-half of an ounce that would produce a 50-50 chance of being fatal. In terms of the 7 ppm tolerance for DDT on celery, this would mean that he would have to eat 3,000 lbs. of the unwashed product to be in danger of a fatal dose. It is ridiculous to charge that this might happen. There is a record of two families becoming ill on celery, this would mean that had a residue of 3200 ppm of a common insecticide, when only 7 ppm is officially tol-

erated. Instance such as this can happen in private gardens, but not in commercial production, and the case is further evidence of the safety in the official tolerances.

The record of fatalities due to pesticides does not include a single case where the pesticide was consumed after a crop had been treated according to recommendations. It does include a number of cases of industrial and application accidents where workers have contacted highly toxic concentrates. Children and illiterate persons have been known to swallow pesticides from open containers with fatal results. The record also includes where they may cause fatalities.

Even with these deaths not connected with food supplies, included in the total percentage of accidental deaths due to pesticides in 1956 was 0.15 percent. This is less than occur yearly from overdoses of aspirin or sleeping tablets. By comparison, motor vehicles kill 300 times as many people as pesticides.

The third and final charge in

Miss Carson's book is that we are contaminating our foods and our environment with chemicals that induce cancer and degeneracy. This is a charge which Miss Carson is not competent to make, nor am I competent to answer specifically. In reading the portion of her book dealing with this subject, I found that she frequently states that some one suggests, or said so and so, sometimes she states directly that the evidence is circumstantial. It is like the debate about the effects of smoking cigarettes. You can find authorities on all sides of the question. However, using dubious evidence as a premise, she builds a dire picture of the eventual fate of the human race.

Research into the causes of cancer is demonstrating that many of its forms are caused by specific viruses. These are protein-like chemicals with some of the properties of living organisms. They are wholly unlike the pesticides in use are carcinogenic or mutagenic. This is to say they do not cause cancer or harmful mutations.

Dr. Darby, Chairman of the Biochemistry Department of Vanderbilt University says that Cornell states that none of the pesticides in use are carcinogenic or mutagenic. This is to say they do not cause cancer or harmful mutations.

I think you.

### Selling Religion

Planned from a background of experience, using complementary tools and professions, and working through a mobilization of local groups of evangelistic tendencies, the Daniels organization is conducting a "Crusade for Christ" in the Glades. Mr. Daniels has a product to sell — Christianity!

It's a product that's satisfying — it was a background as the Core of Progress in history from the time of the ancients; it grips, holds and stimulates its adherents.

Mr. Daniels utilizes the universal appeal of music; he demonstrates its effectiveness in relation to the ability and depth of feeling of the performer; he has an organic, substantial training and a projected love of performance; there is a vocalist of appropriate voice, trained and effective in leading group singing — a soloist that tinges the chords of appreciation and moods.

A devotee of make-believe, mimicry and ventriloquism tells the youngsters: Biblical lore in an impressive and long-remembered performance.

The teenager is remembered; his thoughts, his problems and his ambitions are considered in special gatherings and are discussed practically. Family problems are analyzed and heretofore-solutions pointed out by a counselor of experience.

The individuals working find a ready ear and assistance in one of the cooperating workers.

The forensic abilities of Mr. Daniels have a background, of business experience, as a Consultant on Family Life, study, and a zeal for religion.

The Natural Elements — Workings of the Great Designer and Director — are the daily life of the Glades in its jetting agriculture.

It's refreshing in these times of "controlled news," pampering of labor's musculature, "Spending Yourself Rich" Harvardisms, and political "give-away, to have a common consideration of One who taught a Lasting Way of Life.

**PHILOSOPHY OF AN INDUSTRY**  
The algaans which businesses and other organizations use to symbolize observances commonly change from year to year. But there's at least one exception.

It's the National Electrical Week, which is scheduled annually during the week of Edison's birthday, February 10-16.

In 1962 the theme was Electricity Powers Progress. And in 1963 it will be precisely the same. As a spokesman puts it, this theme "conveys concisely the philosophy of the industry . . . We within the industry know that the production and consumption of electricity is an important yardstick of our nation's growth and economic strength. Electricity powers — and creates — new businesses, new jobs, new products, new services, and new ideas, from which come progress — progress as a nation and progress as individuals."

This is all very true, and it is to be hoped that the coming week, like those of the past, will renew the message in the minds of millions of people. Another vital point needs stressing too. It is that the enormous electric development in this country has been an achievement of private enterprise — and has been financed, voluntarily, through the resources and earnings of the industry and the invested savings of individuals. Private enterprise, given the opportunity, will continue to provide us with all the power we can use and more, and will pay billions in taxes for that privilege.

This, in simple terms, is the compelling answer to the arguments of those who would socialize the industry, create a bureaucratic monopoly, and spend needless billions of public money in the process.

"At the base station in Belle Glade, there are three console units. One is in the office where the commission secretary, Mrs. Audrey Jones, handles the calls; another is in the shop, and a third is in the bedroom in Assistant Chief Rogers' home, adjoining the headquarters building. The system operates 24 hours a day. On a routine day, it may handle 25 calls, and on a busy day perhaps 150.

"Everyone on our force has a FCC radio and telephone permit required to operate a base station," Assistant Chief Rogers explains. "That's in addition to being a fireman and a mechanic

## Your Library

"And what is the use of a book," thought Alice, "without pictures or conversation?" On this observation most youngsters will agree with Alice, the little girl who took a tumble down that rabbit hole to Wonderland. The following books are a little short on conversation, but make up for it with generous helpings of pictures. Alice would have liked them. The first is "The Ring of the Sun," by Marion Perkins' Zooparade.

The "Ring of the Sun" is not home but bristly hair, and polar bears do not really mind hot weather, because white fur reflects the heat, and there are "riding camels" and "baggage camels." No Arabian gentleman would countenance the "latter." It would be like putting a cowboy on a mule.

These tidbits are gleaned from 95 pages of paintings, sketches, and word pictures of the lives and habits of some of the animals the author has known. Well known to children, and their parents, from their television appearances, he adds a very entertaining book to our library shelves. Incidentally, courtesy of Mr. Perkins, "What's black and white and red all over?" NOT a newspaper.

**The Jerry Lewis Book Of Trick and Magic**  
The slapstick comedian here offers a bag of tricks to entertain the crowd, and at the same time develop poise in the young entertainer. Smug satisfaction is only one of the results of proficiency at slight-of-hand, and it easy to learn, or so states the book. Coins, matches, forks, string, ice cubes — these are typical of the props that are called for, all easy to find right at home. This book contains the makings of an inexpensive and rewarding hobby.

**Sounds Like Fun, Parker**  
The hippity-hopping, thumpity-clumping, and glug-glug of the animal characters in this fun book are means to an end. The book is dedicated to speech therapists, teachers, and parents who wish to inject a bit of enjoyment into teaching the differences between sounds. The tiny tots are the ones who will really be charmed with it, however. The rhymes and illustrations appeal to ear and eye, and if the children learn while enjoying them, who is to object?

## Physical Fitness Pays Off Big In Modern Rodeo

There are only a few sports fans that know that the Rodeo is one of America's oldest sporting events. Dating back to the truly wild west days, the rodeo predates baseball, basketball and other popular spectator sports. It can be called a large part of American life, and the nations early settlers took part in the many events, and thrilling riding contests.

With todays emphasis on physical fitness and participation in sports, the Rodeo fan realizes the high degree of training and conditioning contestants of the sport maintains. It certainly isn't easy when your daily schedule calls for bronc riding, calf roping, steer wrestling or bull-dogging, and the Rodeo specialist marvels at the peak physical condition of the riders, cowboys and cow girls.

In this regard, many Rodeo-goers think that they are in for a day at a carnival of circus in Rodeo parlance this "is for the rodeo." A Rodeo is a test of skill and daring in what may be termed a gay or action-filled atmosphere. Those who expect a mid-way or similar attractions will be pleasantly surprised when they see the true sporting features and the excitement of the Rodeo.
